**HR Strategy Group Announces New Search & Recruitment Offering**  
*Company Offers Flexible Packages as an Alternative to Typical Recruiting Firms*

**March 15, 2015 – Ellicott City, MD** – HR Strategy Group, LLC is pleased to announce the expansion of its business offerings to include employee search and recruitment services. This new offering is available to companies and organizations of all sizes and for all types of positions.

HR Strategy Group has been providing recruitment services to fill open positions for some of its clients over the past six years and through this work has come to realize that organizations are often hesitant to employ a traditional recruiter due to the expensive pricing structure that is common in the industry. HR Strategy Group's new search and recruitment program features flexible and best-in-class recruitment and HR services to ensure that each company and organization it works with is completely satisfied with both the process and ultimately the employee that is brought on board.

"Our talented team works closely with each and every client to fully understand the organization as a whole as well as the specific needs of each role to be filled in order to provide the best search and recruitment service possible," explains Amy Polefrone, President & CEO of HR Strategy Group. "Finding the right candidate to ensure client satisfaction is our number one goal. We work with our clients from beginning through onboarding. We have received excellent feedback from our clients who have engaged us in their searches."

HR Strategy Group has filled positions of all organizational levels across many business disciplines to date including roles in: C-level, marketing, sales, IT, customer service, administration, finance and human resources. HR Strategy Group has recently been engaged by Healthy Howard Inc., a Maryland-based non-profit focused on connecting people with quality healthcare and promoting healthy environments and lifestyles, to conduct a national search to identify a new full time Executive Director.
